

PUBLIC SCOPING MEETING NOTICE
LOOP 1604 ENVIRONMENTAL IMPACT STATEMENT

The Alamo Regional Mobility Authority (Alamo RMA) in partnership with Federal Highway Administration (FHWA) and Texas Department of Transportation (TxDOT) will hold a public scoping meeting regarding transportation improvements for Loop 1604 from Potranco Road (Farm to Market 1957) to Interstate Highway 35 North. The corridor is approximately 33 miles in length and provides circumferential mobility in North Central Bexar County. The Alamo RMA is preparing an Environmental Impact Statement (EIS), in accordance with the National Environmental Policy Act of 1969, to analyze potential direct, indirect, and cumulative effects to the human and natural environment from construction and operation of proposed transportation improvements for this Loop 1604 corridor.

Two identical public scoping meetings will be held along the corridor. These meetings will be open house format with a variety of materials available for viewing. Project team members will be available to discuss issues and answer questions regarding the proposed project and the EIS process. The public is encouraged to attend either one of these meetings at anytime between the hours of 5:30 pm and 8:00 pm.

Wednesday, October 21, 2009
Zion Lutheran Church of Helotes
Family Life Center
9944 Leslie Rd (Loop 1604 & Braun Rd)
San Antonio, TX 78254

Thursday, October 22, 2009
Holy Trinity Catholic Church
Banquet Hall
20523 Huebner Rd
San Antonio, TX 78258

The purpose of this meeting is to introduce the public to the proposed project and solicit feedback on the draft project coordination plan and the draft need and purpose that includes goals and objectives to help guide the study. The public will also have an opportunity to view existing conditions and known environmental constraints, and discuss their issues or concerns with the study team.

The public will have the opportunity to make either written or private oral comments to be included in the official EIS public record. Written comments will continue to be received through Monday, November 2, 2009. If you are unable to attend the public scoping meeting please submit written comments to Alamo RMA, ATTN: Loop 1604 EIS, 1222 N. Main Avenue, Ste 1000, San Antonio, Texas 78212. You may also submit comments to the Alamo RMA through the project website www.MoreFor1604.com, by fax (210) 495-5403, or e-mail Loop1604EIS@AlamoRMA.org.

Your participation is encouraged in this important step of the EIS public process. We appreciate your interest in the proposed project and hope you will attend this first public scoping meeting. All exhibits and project handouts will be presented in English, and Spanish-speaking project team members will be available. If you are interested in attending this event and have special communication or accommodation needs, contact Leroy Alloway, Director of Community Relations for the Alamo RMA, at (210) 495-5256 by Wednesday, October 14, 2009. The Alamo RMA will make every reasonable effort to accommodate those needs. For more information regarding the Loop 1604 EIS project, please visit www.MoreFor1604.com.
